## FRIGHTFUL SLAUGHTER OF RASH INVADERS WHO CROSSED PIAVE

Every Teuton Who Crossed the River Piave

Has Been Thrown Into the River, Bayoneted, Drowned, Shot or Captured.

"One of the Most Fearful and Most Glorious" Chapters of the War.

(By Associated Press Cable)

Italian Headquarters in Northern Italy, November 18.—The Austrians who forced their way across the Piave river above Zenson have been thrown into the river and drowned, bayoneted, killed or captured until now not an enemy remains on the west bank at that point.

The fight was one of the most fearful chapters of the war and one of the most glorious.

Details of the fight have been gathered from eyewitnesses who saw the carnage through Friday night and Saturday, and who stayed until the whole bank was cleared, except for the corpses on the shore and in the foreground.

The wounded were so numerous that many have not yet received succor.

### OFFENSIVE LAUNCHED

(By Associated Press Cable)

Rome, November 19.—Italian forces have begun an offensive on the Asiago plateau and have opened advanced elements of trenches, the war office announced today.

### ITALIANS DRIVEN BACK

(Associated Press Cable)

Berlin, November 19.—Quero and Monte Cornelle, on the northern Italian front, have been taken by storm and the Italians have been driven from Monte Tomba, the war office announced today.

## AH! WILLIAM WILL HAVE NO FLIMSY THING

Will Only Treat With Legal Successors of Imperial Russian Government.

(Associated Press Cable)

Petrograd, November 19.—Germany has refused to treat for peace with the new government in response to a recent proposal, according to newspapers here, which published this news as coming from a well authenticated source.

It is stated that Emperor William announced in his reply that he would treat only with the legal successors of the Imperial government or with the constituent assembly.

### GEN. MAUDE DEAD

(Associated Press Cable)

London, November 19.—General Maude, British commander in Mesopotamia, died yesterday.

Official announcement issued today says General Maude died in Mesopotamia yesterday evening, after a brief illness.

### ONE ODD WAY OF MAKING A LIVING

There are many odd ways of making a living in a great city. Here is a photograph of a young woman who is engaged in one of the oddest. She is Miss Rose Murray, who is "hook doctor" for the new York Public Library. She mends all of the old books. Some of them are so old and the dust so thick that she has to use the "gas mask" outfit in which she was photographed.

## THE SEGREGATED SECTION CLOSES AT MIDNIGHT

With Ft. Thomas Only Four Miles Away Cincinnati's Red Light District Ceases to Exist.

(By Associated Press Dispatch)

Cincinnati, O., November 19.—Cincinnati's segregated district will cease to exist at midnight tonight. The order for closing all houses in this district was issued today by Mayor Puerta in accordance with the wishes of the government that all segregated districts within five miles of an army camp or post be closed.

Fort Thomas, Kentucky, is a little more than four miles away.

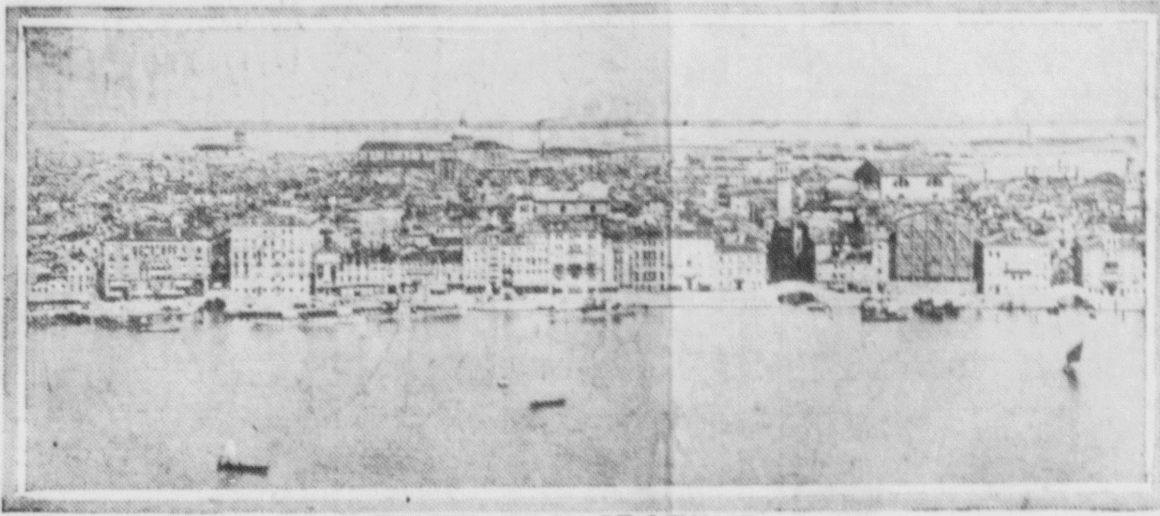

## SUGAR SHORT IN COLUMBUS SALES LIMITED

(By Associated Press Dispatch)

Columbus, O., November 19.—The sugar shortage reached such a point in Columbus today that grocers are selling only two pounds of sugar to a family a week, and one of the big downtown restaurants is giving only one lump with each cup of coffee.

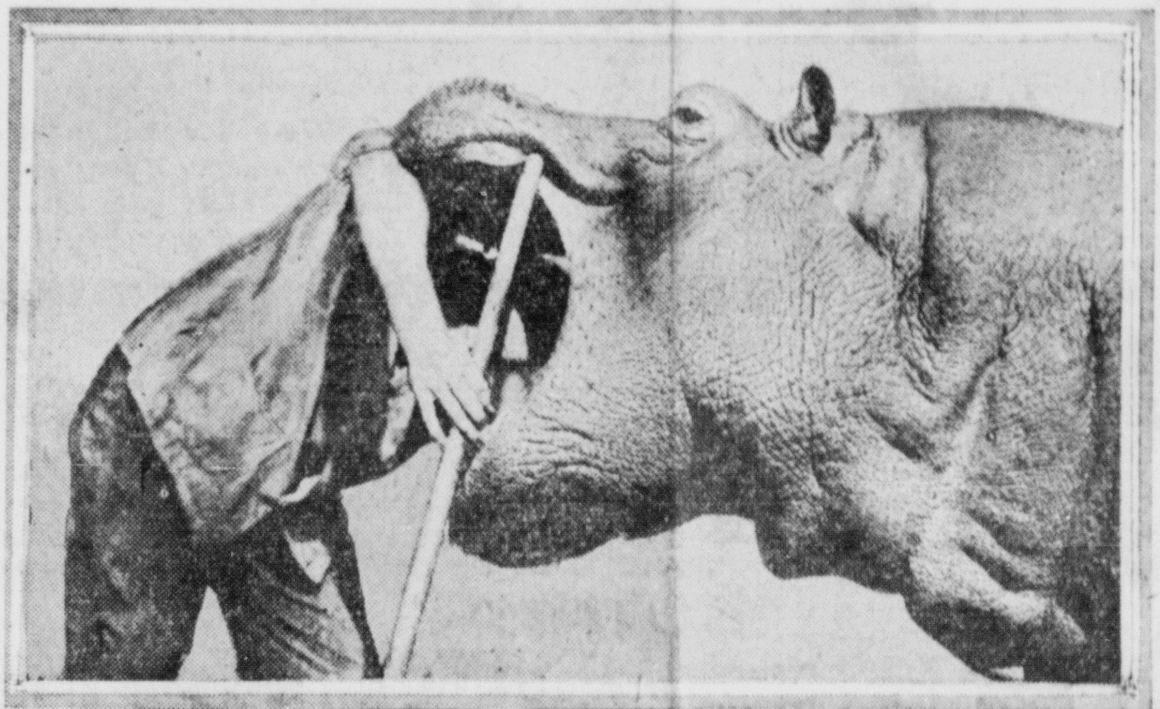

Only a teaspoon of sugar is being served with breakfast food.

## VIEW OF THE CITY OF VENICE, THREATENED BY THE TEUTONIC ADVANCE

PANORAMA OF VENICE. A panorama of the beautiful City of Venice, threatened by the terrific Austro-German drive into Italy. Most of the populace of the city is said to have already fled.

### "IT'S A GREAT LIFE IF YOU DON'T WEAKEN"

#### DENTAL SURGERY

This is not an entrance to a subway system. It is only one of the animal dentists of the New York Zoological Gardens endeavoring to repair one of the aching molars of the Zoo's hippo, Miss Murphy. The dentist says it's a great life, but that some day Miss Murphy may close her jaws, and then—it is best left to the imagination.

## IT'S DECREED THAT ALIENS MUST REGISTER

President Issues His Proclamation Regulating Conduct of Aliens.

(By Associated Press Dispatch)

Washington, November 19.—All alien enemies are required to register and to obtain permits for travel under a proclamation issued by President Wilson.

Enemies also are prohibited from approaching within 100 yards of water fronts, docks, railroad terminals or storage houses and are forbidden to enter or reside in the district of Columbia.

## AMERICANS SAFE IN MOSCOW CITY

(By Associated Press Cable)

London, November 19.—Robert S. Skinner, the American Consul General has received a telegram dated Saturday from the American Consul at Moscow, saying he and other Americans there are all safe.

The city was quiet at the time, but there had been much fighting, the message said.

### CRUSHED TO DEATH

(By American Press)

Sidney, O., Nov. 19.—Charles Smith, 50, farmer, was killed when his three-horse outfit crashed through a creek bridge near Houston. Smith was crushed between the tractor and tender.

## ITALIANS SEEK TO HALT INVADERS WITH FLOOD

By opening the gates to the Piave velowlands at S. Dona di Piave the Italians flooded the territory (b) occupied by the lowlands of Piave and the Sile rivers.

## AUSTRO-GERMANS TRY TO SPLIT PIAVE LINE

Dense Masses of Invaders Are Hurlled Against Italians.

Reawakening of Fighting Activities on West Front.

(By Associated Press Dispatch)

Heavy masses of Austro-Germans are being thrown against the Italian lines between the Piave and Brenta in an effort to drive a wedge between Italian armies on the Piave line and those to the left.

In the eastern Trentino the Italians have begun a counter offensive

on the Asiago plateau, which already has netted them gains.

There are indications of reawakening of fighting activities on the western front, especially in Flanders and around St. Quentin.

Another army is reported moving from Petrograd to oust the Bolsheviks from control, and it is rumored that Premier Kerensky is returning with the new forces.

The occupation of Jerusalem, 35 miles southeast of Jaffa, by General Allenby's troops, is probably a matter of only a few days.

President Wilson, through Colonel E. M. House, of the American Mission to the Allied Conference, declares he considered unity of action between the Allies and America is essential to achieve a permanent peace.

## RAILROADS TO PLACE INTEREST WITH WILSON IF A CRISIS ARISES

### TWO KILLED

Washington, November 19.—(Associated Press Dispatch)—General Pershing has reported to the War Department that two men were killed in action November 13th. Three were seriously wounded and four slightly wounded.

## THE AMERICAN LINES ACTIVE

Artillery and Patrol Actions Continue.

(By Associated Press Cable)

With the American Army in France, November 18.—Artillery fighting and patrol activities continue on the American sector. The infantry has not taken part in any engagements and for the past few nights the Germans have not been coming near the American line, apparently having learned it is dangerous to do so.

Nothing of special interest has been reported during the past 24 hours.

## ADEQUATE SUPPLY ORDERED FOR TWO

(By Associated Press Dispatch)

Washington, November 19.—Orders to insure adequate supplies of coal to the Lehigh Valley and C. & O. railroads were issued today by the Fuel Administration.

## INADEQUATE ATTENTIONS TO THE PATIENTS

Coroner Bauer Makes Finding in Longworth Probe.

(By Associated Press Dispatch)

Cincinnati, O., November 19.—A statement based on reports of physicians who inspected Longview Hospital was made today by Coroner Bauer to the grand jury investigating the hospital conditions.

The findings were:

Two physicians for 1500 patients not enough; Tubercular patients in wards with others; Teeth of patients neglected; Absence of religious services; mistreatment in two wards; Buildings in good condition; Sanitary arrangements good; Food ample; Relatively few injuries found on patients; Wards clean.

Two doctors reported to the coroner they have found indications that Edward Stewart, aged 29 died at Longview November 8th, had been choked.

### Four Railroad Brotherhoods Demanding Wage Increase.

Agreed to Meditation of Disputes.

Action of Roads Eliminates the Possibility of a Strike.

(By Associated Press Dispatch)

Washington, November 19.—Formal announcement was made today that the railroads of the United States had decided that if any crisis should arise, to place their interests in the hands of President Wilson for protection and for such disposition as he may deem necessary to prevent interruption of transportation during the war.

The four railroad brotherhoods who have made demands for increased wages have agreed to mediation of the dispute but have refused an unconditional submission of the question to a board of arbitration.

Today's announcement by the railroad war board is regarded by officials as eliminating the possibility of a strike, by giving the President a free hand so far as the railroads are concerned when he meets the brotherhood leaders in conference here next Thursday.

## FIVE SUBS DESTROYED SATURDAY

Lloyd George Makes Announcement to the House of Commons.

(By Associated Press Cable)

LONDON, NOVEMBER 19.—FIVE GERMAN SUBMARINES WERE DESTROYED SATURDAY. PREMIER LLOYD GEORGE MADE THIS ANNOUNCEMENT TODAY IN THE HOUSE OF COMMONS.

## HELD AS SPY

(By Associated Press Dispatch)

New York, November 19.—Max Eastman, publisher of "The Masses," a magazine recently denied second class mail privileges, was indicted here today with six others connected with the publication, on a charge of conspiracy in violation of the Espionage act, by the Federal grand jury.

Bench warrants were issued for their arrest.

## PAVING BRICK MEN IN ANNUAL MEET

(By Associated Press Dispatch)

Cleveland, O., November 19.—Nearly 400 paving brick manufacturers from all parts of the country are here today to attend the annual meeting of the National Association of paving brick manufacturers.

# WAR WORK FUND IS FAR SHORT OF COUNTY'S QUOTA

Still Time for Those Who Have Failed to Help—\$3,119.75 is Amount Reported Up to Saturday Night—Drive Closes at Midnight Tonight.

With only a few additional hours for raising the quota allotted to Fayette county for maintaining the Y. M. C. A. privileges for the soldiers in

## The Boys in Camp Are Expecting It

Nothing else will give such pleasure. Or be held so great a treasure. As your photograph. Other gifts the boys can buy. Nothing else will satisfy. Like—your photograph. Yet the cost to you is small. Price has not gone up at all. For—Your photograph.

Time is flying—make your appointment now and prevent disappointment later.

**Hays** The Photographer in this town

Open Sunday 10 a.m. to 3 p.m.

the camps and at the front, the fund so far is far short of the goal set, and if the total fund is reached there must be liberal response from those who have not given, and from those who feel able to give more than already subscribed.

Hundreds of citizens who can well afford to help the great work have not yet availed themselves of the opportunity to give toward the fund to help make life more endurable for the men who have been enrolled for the great sacrifice, even to laying down their lives for their home, friends and country, if needs be.

The workers Saturday raised \$1,561.51, bringing the total amount up to \$3,119.75, and leaving the bulk of the fund to be raised Sunday and up until midnight Monday.

And the workers were busy all day Sunday, using the tel phone and presenting the matter in the churches. It was made plain that a very good way to be religious was to give to the Young Men's Christian Association war fund, every dollar of which goes to the work of helping the soldiers in every way possible, and the fund was increased by subscriptions at various churches.

Monday morning the workers again started out, faced by a mighty big piece of work, but resolved to do their level best.

The work has been hampered by the comparatively small number of persons devoting their time to it, the number of workers being about one-fourth of the number desired, and the organization being incomplete in most parts of the city and county. Most of those who have worked have done so with a will and an enthusiasm born of the realization of the needs of the soldiers. Their patriotic work has counted for much, and will make a host of soldiers less homesick and better for the hard fight before them.

All who desire to help the sold-

ers are asked to use the telephone to night, calling the Y. M. C. A. and giving what they can in the interest of Fayette, Ohio, and other American boys in military service.

## HALF SCORE ARE PICKED UP FOR TOO MUCH SPEED

The Sheriff and the police picked up about a half score of speeders, Sunday, including a millionaire of Cincinnati, who was driving near 40 miles per hour when apprehended by the deputies on the Chillicothe pike.

Not a single man was picked up who was going under 35 miles per hour, and persons who traveled the Chillicothe and Jamestown pikes state that a great many more speeders exceeded the 35 mile limit than were cited to appear for their offense, owing to the inability of the deputies to cover the entire territory.

In each instance where the speeders entered pleas of guilty they were assessed \$10 and the costs, and paid it. One or two fellows declined to pay their fines, and were required to put up a cash bond for their appearance.

In two or three instances the speeders became somewhat wrought up, but had been caught with the goods.

The speed at which many of those passing through the county travel is doing much to wear out the pikes, and extensive repairs will be necessary next year.

## HOG THIEVES ARE BUSY ON COMPTON

Reports from eastern Fayette county indicate that hog thieves are beginning to ply their nefarious business in that part of the county, and farmers are beginning to realize that precautions must be taken in the way of handy loaded shot guns to prevent inroads on their herds.

A few nights ago three Durocs, each weighing about 190 pounds, disappeared from the pens of Mr. Michael Clear, residing on Compton creek, and Mr. Clear has been searching for the animals, but has found no trace.

The stealing of corn, hogs and chickens will be conducted throughout the county this season unless rigid efforts are made by organized groups to prevent it. In one township the farmers have formed a secret organization to combat the work of the thieves.

## BOYS MUST CEASE USING SLING-SHOTS

But how about men that use shot guns, shooting in corporation, especially across our front and back yards? We must be plagued with that every fall and there is nothing said of it. Last Saturday morning I stepped out the door to shake some rugs and whiz went a bullet across my yard.

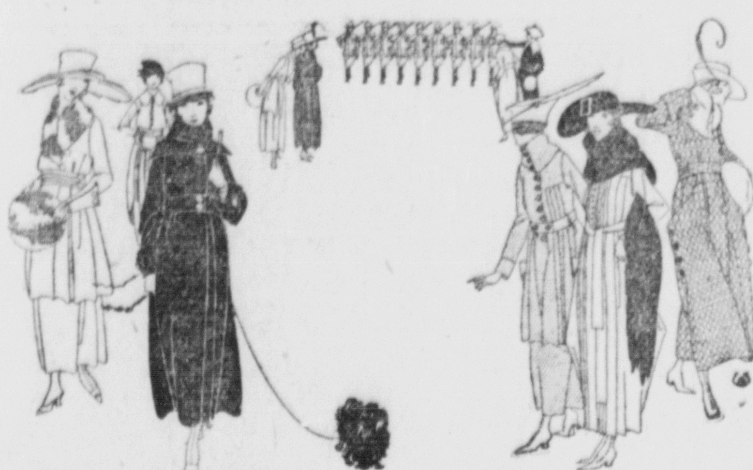

A CITIZEN.

## DRUNKEN DRIVER DAMAGES MACHINE

Because he was driving an automobile while in a condition of seeing two roads and two approaching automobiles while only one existed, A. H. Plumber, claiming to be from Circleville, was taken in tow by the police Sunday afternoon, after colliding with an automobile on Court street, and Monday morning he drew a double fine—one for being drunk and another for driving an automobile while being in an intoxicated condition.

The first fine was \$5 and the costs and the second was \$25 and the costs. He paid up and was allowed to go on his way.

The maximum penalty for driving an automobile while intoxicated is a state prison offense, and Plumber got over very lightly.

## ASKS FORECLOSURE ON PROPERTY HERE

The Security Building & Loan Company of Mt. Sterling, has filed action in the court of common pleas asking foreclosure of a mortgage on certain property owned by Wilmer H. Brown and Cora E. Brown.

Plaintiff's claim that in January 1916, they advanced to defendants the sum of \$100 on their promissory note, and took a mortgage on certain property in the Washington Improvement Company's addition. The sum of \$389.28 remains to be paid, according to the plaintiffs, and they ask sale of the property. The principal and interest at the rate of 7 per cent from November, 1917, is asked.

O. L. Ferguson and James Johnson are asked to set up their claims against the property involved.

Brown and his wife have been divorced since the promissory note was issued, and Brown is now with Company M. in France.

## MILLIONAIRE'S TRIAL THURSDAY

I. Fleischer, said to be a millionaire manufacturer of Cincinnati, who was taken in tow by Deputy George Melvin, for exceeding the speed limit while near this city, Sunday, is to have a hearing before Judge Frank M. Allen Thursday of this week.

Fleischer was very much chagrined at being stopped and denied he was exceeding the speed limit. Witnesses, it is claimed, will testify that he was moving near 40 miles per hour when taken in charge by the officers.

## SIMPLE SERVICES CONDUCTED AT HOME

Rev. G. L. Hart conducted simple, but very beautiful little service over all that was mortal of Mrs. Annie Hays at the home on South Main street Monday morning, before the family left for the burial at the old home, Waverly.

The minister read two hymns, "One Sweetly Solenn Thought" and "Asleep in Jesus" and made remarks that were in the nature of a rare tribute to a life and character that richly merited it.

There were many and very handsome floral remembrances.

The pall-bearers were Messrs William Fogle, T. H. Craig, J. H. Hicks, C. P. Ballard, J. E. McLean and Mr. Harry Townsley, of Lancaster.

The trip was made by auto to Waverly by the daughters, Miss Ida Hays, Mrs. John L. Durant, Mrs. Howard McLean, and the son, Mr. Harry Hays and their families; Rev. Hart, Rev. Murphy and daughter, of Portsmouth Mrs. Daily, of Chillicothe; and undertaker McCoy.

## THE EPISCOPALIANS BEGIN VESPER SERVICES

The first of the Episcopalian four o'clock vesper services drew a large number of both parishioners and visitors to St. Andrew's Church, Sunday afternoon.

Rev. Barre gave a beautiful and impressive reading of Longfellow's "King Robert of Sicily," and Miss Jean Hollingsworth sang a lovely solo.

## WILLIAM WILSON DIES SUNDAY NIGHT

Mr. William Wilson, well known farmer of the Otterbein neighborhood, died Sunday night at the age of 71 years, at his home on the Waterloo pike.

For the past two years Mr. Wilson had been ill and for some time physicians had offered practically no hope of recovery.

He is survived by a widow and two children, a son, Noah, and daughter Louella, who have been with him at home and given him every attention throughout his illness.

Funeral arrangements have not yet been made.

## HOSPITAL NOTES

Mrs. Walter Miller, who has been undergoing special medical treatment at the Fayette Hospital, was able to return to her home in Millwood Sunday.

## TEN CARS OF COAL IN THE CITY TODAY

A total of ten cars of coal were in the city and being distributed by local dealers, Monday morning, one man receiving six of the ten cars.

Wagons of all kinds were being pressed into service to distribute the coal, and dozens of farmers were present to obtain a supply.

Quite a number of cars of coal are expected throughout the week, and it is expected that considerable relief will be afforded by the supply received.

## HAVE IT HANDY FOR COUGH.

## TRIANGLE PRESENTS A Phantom Husband WITH RUTH STONEHOUSE

New stunts are always being invented by determined knights and maidens, but it was left to Ruth Stonehouse, as demure little Jessie Wilcox in "A Phantom Husband," to conceive the idea of finding her affinity in a morgue. The Triangle play relating her adventures makes a whimsical appeal to the sympathies of every lover.

## WE MUST ACT QUICKLY OR—

The great nation-wide drive to secure the very much needed \$25,000,000 for the Red Triangle—that practical development of the Y. M. C. A. work which deals directly with our boys in the training camps and at the front, closes tonight at midnight.

The nation is going to raise the needed sum all right. There isn't a shadow of doubt about that.

It is likely, too, that every county, every political division in the entire nation will raise its quota of the big sum—will march in time with the nation as it goes over the top to the boys—our boys—when they need our support so much.

Fayette county hasn't yet raised the full amount of her quota of ten thousand dollars. It must do it before the clocks in the towers of the public buildings and in the homes of the county chime the midnight hour, or—

This is the biggest, most practical work of all—it means more to the healthy boy than anything else. Our share is infinitesimal in comparison.

Committees have not campaigned the county as in other efforts to secure money. The men haven't had the time.

Don't wait—you can't afford to wait. Act at once. Telephone in your subscription. No one save yourself can call upon you now.

Will you wait tonight, to hear the clock strike the hour of midnight in peace, conscious that you have done your duty or will you wait for the midnight hour to come fearful that you haven't done your duty.

Remember that time is passing for the boys at the front too

**THERE IS YET TIME—ACT.**

## Poetry For Today

**THE LAST FLIGHT.**  
(The author, Dabney Horton, is a Sergeant in the French Aviation Service. It is believed that this is the first poem written by a fighting aviator, and breathing the real feeling of an air warrior which has appeared in print.)

O God of France, we pilots pray  
For France's safety, and obey  
Thy pointed finger in the gale,  
Hail to Thee, Master of Storms, all hail!  
Keep me this day from sudden sorrow,  
Spare me today, for I'm home to-morrow.

Guard me this day 'gainst the weakened wire  
The tiny bullet of flying fire.  
The treacherous wing that would buckle or break,  
To drag me down in its whistling wake.  
The morrow brings respite from fighting and flying—  
And a breath of the Seine ere day is dying.

O God of France, by the prophet sung,  
"The eagle that beareth up her young"  
Let me pass quickly the curtain of shell,  
Grant Thy safe conduct, and landing well.  
Watch o'er my flight till the sun be setting,  
For the faces of friends and a week's forgetting.

Only this day grant me Thy care,  
Where I tempt the avenues of air.  
Lest a heart too joyful of earthly things  
Should heedless fall 'neath the foe-man's wings  
Grant Thy support should I be falling—  
Tomorrow I go, and Paris is calling!

On the soldier's road to the Gare de Nord,  
There's a vision we love as we've loved before,  
The Tour Eiffel keeping eternal trust  
With towering Montmartre through the Paris mist—  
O Great Stormmaster, from sudden sorrow  
Keep me this day, for I'm home to-morrow!

"IF YOU'RE GOING TO JUMP—JUMP!"

Remember the story of a little newsboy who saw a bow legged man standing on the corner. After watching the man intently for some minutes he hollered at him, "Hey mister, if you're going to jump—JUMP!" Ever apply it to yourself—whether you're bow legged or not? It's easy to say, "Oh I'll do it tomorrow." But it's harder to do tomorrow. Have the courage of your convictions. Make up your mind what you want to do and DO IT. In other words JUMP! The world is full of failures who never had the sand to do what they wanted to do. And were contented to drift along on any old job just because it was comfortable at the time and they didn't have the nerve or ambish to JUMP.

# COMMUNITY CITY IS NOW UNDER WAY

Pleasant Surroundings Will be Provided for Visiting Friends Who Go to Camp Sherman.

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., November 19.—The Community City at the gates of Camp Sherman, now being rushed to completion, is to be a series of buildings, much like barracks, divided into from 35 to 60 rooms each and all operated somewhat after the fashion of a hotel. It is to furnish accommodations near the camp that visitors here have been unable to get in Chillicothe.

It is the plan of Major General E. F. Glenn, camp commandant, to have this community operated at the minimum cost and under the eyes of the government so that mothers, sisters and friends of enlisted men can visit several days under pleasant circumstances with their boys in training here.

The Red Cross is putting up the main building, which will be in the center of the group of 'lodges.' It will be a place where meals can be had, gatherings held, smokers enjoyed and games and amusements indulged in. Near it will be other buildings of a more or less administration nature. One will be a Masonic building, another a building constructed by the Daughters of the American Revolution, a third by the Y. W. C. A. and so on. But most of the lodges will be made possible by subscriptions raised by Ohio women. Prominent women of the state have guaranteed to raise a million dollars and are developing a state-wide campaign in interest of the community project.

Soldiers here at camp are going to help out by mailing circulars to their mothers, sisters and women friends urging them to subscribe to membership at \$1 each. Here is the official statement concerning the project.

"PURPOSE: Organized to provide home facilities for the visiting relatives and friends of officers and enlisted men of Camp Sherman, and to co-

operate with the commanding general in all organized welfare work.

"LOCATION: The community is being built on a tract of land immediately adjoining the camp, acquired by the War Department and devoted to this purpose.

"CONSTRUCTION: A community club house, where the soldiers having visiting relatives and friends may properly entertain them is being erected through the beneficence of the American Red Cross. A series of lodges each having from 35 to 65 sleeping rooms is planned, and construction already has started upon one unit donated by the Masonic fraternity of Ohio, one unit donated by the Daughters of the American Revolution and one unit donated by the Young Women's Christian Association. The Ohio Women's Auxiliary to Camp Sherman plans to construct immediately 14 additional units through the funds received from popular subscription among the women of Ohio.

"ACCOMMODATIONS: Rooms, meals and other essential features of entertainment will be furnished at a minimum cost.

"INCOME: The net income to be devoted to further development of the project and to the welfare of the families of the soldiers of Camp Sherman.

"MEMBERSHIP: The minimum membership fee has been placed at one dollar. In order to complete a total of nearly 700 rooms and provide accommodations as above outlined, a total sum, equivalent to about \$10 per soldier in the camp is required and while membership fees have been placed at a minimum of one dollar each, it is anticipated that many will desire to contribute larger sums. All members will be on an equal basis regardless of contribution.

"DIRECTION: The work is in direct charge of the Camp Sherman Community Committee, appointed by Major General Glenn and consisting of L. H. Weir, chairman, representing the War Department Committee on Training Camp Activities; D. H. Masie, representing the Chillicothe War Council; J. M. Telleen, representing the Red Cross and Captain T. E. Rhoades, of the military construction forces.

# RESCUED COLORS AMID SHELL FIRE

Sunday's Ohio State Journal carried a photograph of Mr. Isaac Carman, of this county, and relates the story of his acts of heroism which saved the colors from the enemy and resulted in Mr. Carman sustaining wounds which have caused him more or less suffering throughout his life.

The article says: "For bravery shown in an engagement in the siege of Vicksburg, May, 1863, Mr. Carman of Washington C. H., recently was placed on the roll of honor by Congress.

"In the same engagement Mr. Carman sustained an injury that clung to him all his life and for which he recently underwent an operation at Mt. Carmel Hospital.

"The story of the deed is told in The Congressional Record.

"The brigade of which the Forty-eighth Ohio and Seventy-seventh Illinois formed a part had taken a fort and the flags of these two regiments were placed on it.

"The two regiments were in such a position as to receive both the cross-fire of the Confederates and some of the Union artillery fire that fell short of its mark. Carman and his Illinois comrades, color bearers, stuck to their flags for several hours. Carman hid himself in a trench, dug with his bayonet, and the Illinois man in a shell excavation. Carman discharged rifles at the enemy, while his companion reloaded them.

"Finally the Confederates shelled the fort with artillery and the Union forces had to abandon it. The color bearers determined to rescue their flags. The Illinois man failed. But Carman, grabbing the colors, brought them successfully across a stretch of 100 feet of earth being torn up with shell fire. In his rush into the Union trench his leg and thigh were pierced by a bayonet of one of his comrades.

"Carman stuck the staff into the ground and fainted.

"In the same engagement Carman threw back into a group of Confederates a shell with a burning fuse which had been rolled into the Union ranks. In exploding it killed and wounded a number of the enemy."

## MUST GET PERMIT BEFORE JANUARY 1

All owners of dogs in Ohio must appear before the county auditor of their county on or before January 1, 1918, and obtain a license for keeping any dog owned by them, paying the fee at the time the license is obtained.

The law becomes effective December 1st, but it is not necessary to have the license before January 1st, although the license can be obtained any time in December. A fee of \$1 is charged by all auditors, this being the amount fixed by law, and is for the license only.

It is expected that the licensing of dogs will do much toward regulating the stray and sheep killing dog nuisance.

## THROUGH SERVICE OVER THE PENNSY

Through service between St. Louis, Indianapolis, Cincinnati, Columbus, Boston and other New England points, will be inaugurated jointly by the Pennsylvania Railroad System and the New York, New Haven and Hartford Railroad leaving St. Louis November 24th, and leaving Boston November 25th.

The Hell Gate Bridge route through New York City and the Hudson and East River tunnels will be utilized, and, the Middle West, for the first time in history, will be directly connected with New England by an all-rail route through the Metropolis of the country. One train will be operated daily in each direction.

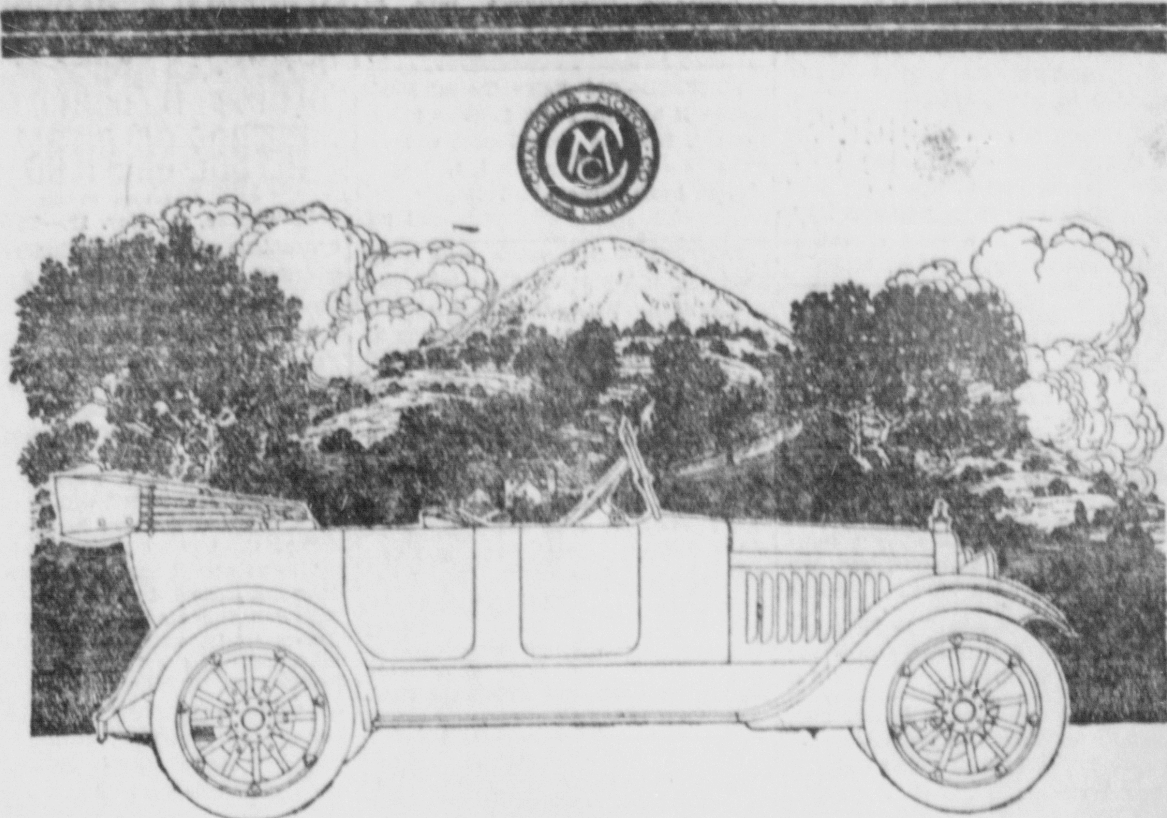

## GEORGE ACKLEY MAY GET PAROLE

George Ackley, the young man who stole a horse and buggy from the rack at Grace M. E. church about a year ago, and who later was apprehended in Bainbridge and sent to the State Reformatory at Mansfield, is to have a hearing with a view to obtaining a parole, December 11th, and it is expected the parole will be granted at that time.

The young man had another youth with him when arrested, but the evidence involved Ackley only. The stolen outfit belonged to a Mrs. Irvin.

## MAN TROUBLED FOR TWO YEARS

No one should suffer backache, rheumatic pains, stiff joints, swollen, sore muscles, when relief can be easily had. James McCreary, Berrien Center, Mich., says he was troubled with kidney and bladder trouble for two years. He used several kinds of medicine without relief, but Foley Kidney Pills cured him. Blackmer & Tanquary.—Adv.

# AN ENGINE YOU'LL NEVER FORGET

The great Chalmers engine, now featuring the current Chalmers car, arrived at a rare time in history.

With war on, and gasoline in use now as never before, there has been one result evident probably to most every man that drives a car—the rapid decline in the grade of gasoline.

Engineers never expect to see a high-grade gas again.

In the face of this condition now comes the great Chalmers engine, which makes high power out of low-grade gas.

It makes "one drop of gas now do the work of two."

It makes gasoline work as gasoline has never worked in an automobile engine before.

By means of an ingenious device known as a "hot spot," the gas, after leaving the carburetor, is warmed up (but not overheated) just before it enters the intake manifold.

Then by means of another ingenious device known as a "ram's-horn" manifold, it is skillfully passed on to the engine combustion chamber.

The secret here is in what are known as "easy air bends."

The result is that at the time when the gas is touched off by the spark plug it is "cracked up" into a perfect vapor for 100% results.

This device in particular is one of the most notable achievements in automobile engineering in many years.

Not only do these improvements on the engine create more power out of less gas, but they also make possible a quick starting engine on a cold day.

When you step on the starter button in a current Chalmers, you get results right off. And your engine begins to run with midsummer smoothness—no missing cylinders—no spitting—no hesitating—no backfire.

So noteworthy is this great Chalmers engine that one is tempted to overlook other notable improvements and perfections in the current Chalmers.

They are numberless, and once evident to the eye of a wise buyer, they win him.

To miss seeing the current Chalmers at our show-rooms is to miss the most recent and most talked-of car of the day.

# MENNONITES PASSIVE SPRING A SURPRISE REFUSE SOLDIERS' PAY

(By American Press)

Chillicothe, O., Nov. 19.—The mild quarantine on the Three Hundred and Thirtieth Infantry at Camp Sherman has been lifted and there now are only a few cases of "pink eye" in camp. Four companies in the Three Hundred and Twenty-ninth Infantry and one in the Three Hundred and Thirtieth will be relieved of restraint within a week.

Camp Sherman's noncombatants, the Amish-Mennonites, who have been on a strike at the base hospital, have sprung the biggest surprise yet. They refuse to accept pay as soldiers. "We have not earned it and can not accept it," was the startling statement of James Kelly, who has assumed the leadership of the little group. Forty-

old white faced bull; 3 two-year-old steers; 19 yearling steers, home grown; 3 white faced heifers; 19 home grown calves; 2 black bull calves.

384—HEAD OF SHEEP—384  
One-hundred and fifty fine-wool ewes, from two to five years old; 20 Shropshire ewes from one to four years old; 24 Dorset ewes; 95 ewe lambs; 55 wethers lambs; 3 fine-wool bucks.

200—HEAD OF HOGS—200  
Twenty sows with pigs by side; 80 fat hogs, weight over 200; 1 Magoon male hog; 1 Duroc male hog; balance a good class of feeding hogs, have been immuned.

FARMING IMPLEMENTS  
One Bachert's surrey; 1 hay loader; 1 self-rake; 1 disc harrow; 2 breaking plows; 1 corn binder.

1000 shocks of corn, cut 14 hills square.

Terms made known on day of sale.

PUBLIC SALE.  
The undersigned will sell at public auction, at the late residence of Alfred Stookey, two miles west of New Holland, just off the Washington pike,

WEDNESDAY, NOVEMBER 21 beginning at 10 o'clock a. m., the following property:

ONE SORREL HORSE  
11 years old.

2—HEAD OF CATTLE—2  
One two year old steer; one three year old bull.

32—HEAD OF HOGS—32  
Two fat sows; thirty head of shoats weight 100 lbs.

21—HEAD OF SHEEP—21  
Twenty black-faced ewes; one good ram.

FARM IMPLEMENTS  
1 buggy; 2 set of buggy harness; 1 fly net; 1 corn sheller; 1 Star corn crusher; 1 sledge hammer; 1 post-hole digger; 1 wire stretcher; 1 set of tools; 1 garden plow; 1 Dairy Maid Cream Separator; 1 drum kerosene oil; 1 Jewel Base burner; 1 American Oak heating stove.

300 SHOCKS OF CORN  
Fifteen bushels of potatoes, more or less.

CLYDE COOK, Administrator.  
At the same time and place the following property of Edna Stookey will be sold at public auction:

13—HEAD OF CATTLE—13  
One black cow, 1 muley cow, 1 dehorned cow, 1 Shorthorn cow, 1 black cow and calf, 1 Jersey cow and calf, 1 red Shorthorn heifer, 1 black steer, 3 spring calves.

One red shoat. One phaeton buggy; buggy harness.

Terms made known on day of sale.

J. A. LAUDERMAN, Administrator.

M. W. ECKLE, Auct.  
C. B. SESSLER, Clerk.  
Lunch by Ladies of Oak Chapel.

nve of them have refused to take their \$30 a month cash.

Fifteen have joined the 39 who first "walked out," and but 23 remain who do the bidding of officers. The 45 others refuse to obey any order that has to do with soldiering, and every effort to find something for them to do at which they can not object has proved in vain. Officers now class them as "utterly hopeless."

According to reports from the base hospital, the Mennonites, who are members of a religious sect very much opposed to war, have passed from active to inactive service one at a time, until two-thirds of them now are doing nothing but sleeping and eating.

# RIGID TRAINING FOR THE AIRMEN

Fayette countians who have visited the Wilbur Wright Aviation Field near Dayton, are deeply impressed with the business like training given the students who are learning how to handle airplanes for the purpose of carrying the war into Germany.

The new "birds" circle above the field at low altitudes, but as they gain confidence and experience they mount upward and upward, looping the loop, dropping almost like a leaf, and executing other movements that cause the spectators to hold their breath and at times believe that the machine is really falling, out of control.

Every trick and every part of the aviation game that is used in modern warfare is taught at the big field, and dozens of the machines may be seen circling about the field at altitudes from 100 to 8,000 feet or more.

Students from this field already are in Europe and may even now be at work on the western front.

## GENTLE, QUICK, THOROUGH.

When one feels bloated, bilious, languid, has sick headache, sour stomach, coated tongue, bad breath, or other condition caused by clogged or irregular bowels, a Foley Cathartic Tablet will give prompt relief. It is a gentle, wholesome, thoroughly cleansing old-fashioned physic that leaves no bad after-effects. Blackmer & Tanquary.

## FARMERS URGED TO INCREASE LIVE STOCK

(By Associated Press Dispatch.)  
Columbus, O., November 19.—The State Food Administration, in the following statement, has urged Ohio farmers to increase live stock production:

"To win the war we need more meat. The herds of France and other nations of our allies are being depleted rapidly. To get an increased meat supply quickly, hog breeding should be increased materially. Hogs can be increased quicker than any other kind of livestock."

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

# CHICAGO SHOW SMASHES RECORDS

Reversing the season's precedent, entries for the 1917 International Live Stock Exposition show a material increase over previous years. For the first time in the history of the enterprise, expansion is necessary and more space will be needed to house exhibits.

In the great drive to increase food supply, so essential to winning the war, the live stock industry fully realizes its responsibility and the International Live Stock Exposition, which as usual will be held during the first week in December, is performing its part.

More cattle, hogs and sheep at Chicago the first of December mean stimulation of the industry. Enthusiasm among showmen will be reflected in commercial circles. It will be the show of former years plus the vim and energy created by the war situation, which has stimulated the breeders of the United States to added effort.

The increase in entries at the "international" is gratifying, as other live stock displays of the season were deficient in this respect. Practically all of them showed contraction in display and subsidence of energy.

The International Live Stock Exposition this year will be the greatest the world has ever seen. Herds and flocks not usually in the limelight will be represented on the tankard and the best the country possesses of the equine, bovine, porcine and ovine species will be in evidence.

# SOME DIFFERENCE

In quoting the amount of ingredients in a fruit cake recipe with which Mrs. B. E. Kelley recently won first prize in a Columbus paper, and which was reproduced in Saturday's Herald, a typographical error announced "6 teaspoons soda" when it should have been one-half teaspoon soda.

# THIS WOMAN'S FOOD DIDN'T TASTE RIGHT

But Since She Has Been Taking  
Tanlac Her Appetite Has Come  
Back and She Eats Fine Now.

"Tanlac has improved my health so much that I think it is the best medicine I ever took in my life," said Mrs. H. B. Hopkins, 615 South Second street, Ironton, O.

"I was all run down and weak before I took Tanlac and I couldn't do my work" Mrs. Hopkins continued. "My appetite was very poor and no matter what kind of a fine dish was fixed for me it didn't taste right. After eating gas would form in my stomach and I felt bloated."

"I read so much about Tanlac that finally I tried it. It certainly did help me. I have a fine appetite now and I'm not distressed after eating like I was before."

"I sleep soundly every night, too, and the headaches I used to have are all gone."

If you are not feeling right why don't you try Tanlac and improve your health like Mrs. Hopkins says she has? You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store. Advt.

# The Efficient HAYNES CAR

That 1918 will go down in the history of motor car industry as a great enclosed car year, is the prediction of S. M. How, general sales manager of The Haynes Automobile Company, Kokomo, Ind. The Haynes Company has made extensive preparation for it and has announced its most complete line of enclosed models. The Haynes 1918 line comprises all-season sedans, coupes and town cars, embodying the latest models in motor-dom.

"There was a time not so very long ago when the closed car was looked on as an out and out luxury," says Mr. How, "but with the evolution of the all-season feature that conception has practically disappeared. People have been quick to see the value of a car that will give summer comfort to winter driving, and yet not sacrifice any of the advantages of an open car when the weather is fine. It isn't a bit strange that with money as plentiful as it is that more people will turn to closed cars this year than ever before."

A perfection in the all-season feature of the new Haynes sedan, worthy of special attention, is the window construction. The windows at the front and center drop into the body, entirely out of sight when not in use. The rear windows on each side drop down part way and may be entirely removed with little effort. It is but the matter of a few minutes to change from an enclosed to an open car or vice versa. Even the four pillars which support the windows may be removed and stored under the rear seat where compartments have been provided.

The coupe and town cars are notable additions to the Haynes line. In the coupe the driver's seat sets a little ahead of the main seat which accommodates two passengers, and the fourth seat lets down from the dash at the right, in front. This car also is convertible in the same manner as the sedan. The Haynes town car carries seven passengers,—five within and two in the driver's compartment. The body is of aluminum. For summer driving the plate glass windows may be lowered by means of convenient regulators.
